THEM!

Are They Frail, Restless and Nervous?

PAINE'S CELERY COMPOUND

Will Make Them Vigorous, Healthy, Bright and Happy.

As a rule parents are to blame if their children are puny, weak, nervous and irritable. The little ones may be well clothed and fed, yet still be sadly neg-lected from a physical point of view.

It should be remembered that the children inherit many of the troubles that parents suffer from. Thousands of little ones are subjects of nerve troubles, a condition inherited from father or mother. This nervous condition begets irrita-bleness, bad temper, headache, indigestion, and stomach derangements. Such children need the best and most intelli gent care, or they will grow up in misery and disease

Give the little ones Paine's Celery Compound for the next few weeks, and note well its fortifying effect on the nervous system; watch the growth in muscle and flesh.

Thousands of thankful letters have been received from glad fathers and mothers, who have had their dear ones perfectly restored to health and strength by Paine's Celery Compound.

Mr. J. P. Surface, Bluefield, W. Va., deems it necessary to give testimony in favor of Paine's Celery Compound. His little son was nervous, and in a dangerous condition from heart trouble. Dr Phelps's marvelous prescription was used, and the little fellow's health is now satisfactory. Mr. Surface writes thus: "Up to the time our little boy commenced to take Paine's Celery Com-pound, he had heart trouble. Every night after going to bed he would have nervous spells, and could not get his breath, and did not know what he was doing In six weeks that he has been using Paine's Celery Compound, he has wonderfully improved in health and strength."

THE CHILDREN, HEAVEN BLESS CITIZENS OF LATHROP WILL PETITION GOV. DOCKERY IN BEHALF OF MULE MARKET.

TWELVE MISSOURI MULES FOR WHICH THE BRITISH GOVERNMENT WILL PAY \$1,800.

Almost Six Million Dollars Have Been Expended in Clinton County Since British Agents Commenced Buying Mules and Horses-Purchases Amount to More Than 47,000, and Are Made by Guyton & Harrington, Who, in Turn, Sell to Agents in South Africa-Bitter Opposition to Interference.

REPUBLIC SPECIAL. setting forth the facts in relation to the mule and horse market here and asking him not to interfere in any way with its mainenance. The people here are materially inerested in the continuance of British purchases. Thousands of dollars monthly are

thereby brought to this town.

The petition to Governor Dockery will deny allegations giving ground for interference on the part of the Government or the State, and will contain the statement that no men have ever been recruited here for service in the British army. Report on Interference.

Report on Interference.

There is a report here that President Roosevelt's order to investigate the Biltish mule purchases in America include an examination of the mule yards here at Lathrop. Mules are sent from here to New Orleans, where they are sent to South Africa.

There are ten British officers here. They have already declared that the British Government does ng. own a dollar of the property in Clinton Jounty, and that no horses have been bought by the British War Department in the United States. The purchases were all made in South Africa, these British officers say.

The attention of Governor Dockery was called to the statement that the British Government has been buying horses and mules here for nearly a year. The horses are bought in the name of J. D. Guyton and W. R. Harrington, two horse and mule dealers here, who have yards in Kansas City and East St. Louis. The facts have been laid before Congress, also, and it is believed here that the investigation of the British military camp at New Orleanr, ordered by the United States Government, will also be extended to the camp of the British Remount Commission here. There are 5,000 mules here now.

Major J. Moore, who is at the head of the ten British officers here, when asked the

Lethrop. Mo., April 10.—Residents of athrop and the farmers in this vicinity are reparing a petition to Governor Dockery, etting forth the facts in relation to the sule and horse market here and asking him of to interfere in any way with its mainenance. The people here are materially inerested in the continuance of British purhases. Thousands of dollars monthly are hereby brought to this town.

position of his Government in the purchases that are being made in the United States, is quoted as saying that he was practically here the same as any private citizen would be, although he is an army officer and has seen active service during seventeen months in South Africa. He said the British Government does not buy the horses and mules here, but has sent some of its army officers and veterinary surgeous here to inspect the horses and treat them before they are sent to South Africa, where they are sold to the British Government.

The next shipment will be made this week, as soon as a transport arrives at New Or-A few days ago a newspaper dispatch said: "General Sir Richard C. Stewart and Lieutenant Colonel Holland, the English army officers who are inspecting the purchasing agencies of the British Government in the United States, went to Lathrop, Mo., this morning."

Lathrop an Ordinary Town.

Lathrop an Ordinary Town.

Now, Lathrop is an ordinary little town of 1500 inhabitants, and it might strike the average American that the officers aforesald had lost their bearings and were trying to locate the State of Missouri in the city of St. Louis. In this case, however, the joke would be a boomerang. Every English army officer knows what few Americans have heard of—that Lathrop, Mo., is in a sense the largest horse and mule market in existence.

the largest norse and man the largest istence

The Guyton & Harrington Mule Company have done an enormous husiness here for the past ten years, and for some time have supplied the United States Government with horses and mules, as well as the British Government. Their employes are necessarily numerous. William Francis, resident manager, is known to all the big horse and mule dealers in the country.

Southerners Compose Company.

The members composing the company are

The members composing the company are mostly Southerners and have found a warm welcome among the citizens of Lathrop. No one wants to see the end of the Boer war. Condemned by Clark and Cochran.
REPUBLIC SPECIAL.
Washington, April 10.— Representatives
Cochran, Clark and De Armon' of Missouri have been greatly interested in the
developments regarding the alleged British
camp at Lathrop. The Sulzer resolution,
which passed the House to-day, providing
for a report on the condition at Chalmette,
opens up the situation at Lathrop for investigation. In an interview with The Republic correspondent to-day Representative
Clark said:

Clark said:

"Since the South African war began this country has openly violated the neutrality laws. There has never been an effort to enforce any of them. If we should go into a foreign country—say Mexico, under like conditions and attempt to do what the British are doing in the United States now our representatives would be arrested and

conditions and attempt to do what the British are doing in the United States now our representatives would be arrested and put into prison. That is what could be done with the British officers in Lathrop.

Representative Cochran was asked if he thought anything would result from the inquiry into the conditions at Chalmette and Lathrop.

"Nothing whatever," he said. "That side of the chamber-pointing to the Republican side—is the British Parliament. Pauncefote and Hay will get their legs under a mahogany table, and Pauncefote will tell Hay what, to do. I suppose you know that the House is no longer a deliberative body. Hay will tell Henderson what Pauncefote has what the House is no longer a deliberative body. Hay will tell Henderson what Pauncefote has what his district. Several million dollars worth of horses and mules have been shipped from there to South Africa, and, it is said, £550 worth of feed is used every day. Representative Dougherty contends that the thousands of dollars which have been invested in improvements at Lathrop were put in there by Guyton & Harrington, who are citizens of the United States, and constituents of his, and that the British Government does not own any of the improvements which have been made.

Purchases at Monroe City, Mo. REPUBLIC SPECIAL. Purchases at Monroe City, Mo.

Purchases at Monroe City, Mo.
REPUBLIC SPECIAL.

Monroe City, Mo., April 10.—It is a wide open secret here and has been for more than two years that representatives of the British Government have been buying horses in this section of the State. They were open in their movements and asked outright for horses the right size and weight for cavairy purposes, mules by the car load have been bought upwards of fifty cars of them being shipped during the summer and fall of 1901. In fact, the heavy demand for that class of stock has added from 50 to 190 per cent to the price and made it almost impossible for a Jacksonville, Fla., buyer to collect a car of horses for livery purposes, here this week.

AVERAGE CONDITION OF WINTER WHEAT.

April Report of Department of Agriculture Shows Averages of Principal States.

Washington, April 10.-The April report of the statistician of the Department of Agriculture will show the average condition of winter wheat on April 1 to have been 78.6. against 91.7 on April 1, 1901; 82.1 at the corresponding date in 1900 and 82.4 the mean of the April averages of the last ten years. The averages of the principal States are as follows: Pennsylvania, 92; Ohio, 77; Michigan, 82; Indiana, 81; Illinois, 90; Ten-

nessee, 60; Texas, 72; Kansas, 73; Missouri, 91; Nebraska, 93; California, 93; Oklahoma, The average condition of winter rye on April 1 was 85.4, against 93.1 on April 1, 1901; 84.8 at the corresponding date in 1900 and

88,1 the mean of the April averages the last ten years. The averages in the principal States are follows: New York, 82; Pennsylvania, 85; Ohio, 82; Michigan, 91; Indiana, 84; Illi-

nois, 94; Karsas, 87. The report to be published on May 10 will include an estimate of the winter acreage abandoned, and the condition figures will be based on revised estimates of acreage in which the recently published census report for the year 1899 will be given due

FRAME HOTEL NEAR WORLD'S FAIR SITE.

Builders Cut Off One Room to Get Permit to Erect the Structure.

EXTENSION OF FIRE LIMITS.

Deputy Commissioner Stemme Questions Whether the Boundaries Should Not Be Enlarged South of Forest Park.

On the south side of Forest Park a new ent structure, in one way at least, than the apartment-houses on the north and east sides of the big public pleasureground. In the Department of Public Buildings it is called the World's Fair Hotel, because it will be the first building of its kind onstructed near the World's Fair site. A permit authorizing the construction of

the building was issued yesterday by L. C. F. Stemme, Deputy Commissioner of Pub-lic Buildings. Application was previously made for a permit, but the petition was denied on account of the regulations against fire. The application was modified nd again presented yesterday. The permit was issued to Kingsley and

Sawyer. It authorizes the construction of

four-story frame building, costing \$30,000, to be used as a hotel, at Nos. 5915-21 Clayton avenue. The original plans contem-plated a building with fifty sleeping rooms above the first floor, but the permit allows only forty-nine rooms. The reason for this change is explained by Mr. Stemme "The law prohibits a frame building with fifty sleeping-rooms or more, above the first floor, inside the city limits. Because the hotel would have fifty rooms above the first floor we refused a permit. Subsequently we received an application for a permit to erect a building having forty-nine rooms above the first floor. We could not refuse the application.

"Now, it is questionable whether the fire limits should not be extended farther southwest. To the north of Forest Park all the districts, as far west as the city limits and as far north as Easton avenue, is inside the fire limits. The limits end at King's Highway boulevard on the south side of Forest Park. The park is within the limits. I believe it would be well to extend the limits west of King's Highway boulevard on the south side of the park?

FIVE OFFICERS ARE KILLED IN FIGHT.

Bloody Conflict Follows Attempt to Arrest Jim Wright in Scott County, Virginia.

Knoxville, Tenn., April 10.-A telephone essage from Jonesboro, Tenn., to the Journal and Tribune says that in an attempt to arrest Jim Wright, wanted in Hancock County on the charge of murder, in Scott County, Virginia, to-day, five of the Sheriff's posse were killed and two wounded by Wright's party.

Wright was wounded and captured. All the members of his party got away.

SHOOTS TO DEFEND MOTHER. Otto Steiner Badly Wounds His Father in Belleville.

Otto Steiner, 16 years old, of Belleville, is

CITY MAY DIRECT RUNNING OF CARS.

Associate City Counselor Investi gating City's Power-Suburban Report Like Transit's.

Lawyers say an important feature of the ontemplated general ordinance for regulating the operation of street cars will be, if it is legal, a section specifying the number of cars that must be run on every division. Obviously, it is said, the law cannot regu

late the exact number by stating in direct terms how many shall be operated, but it can effect an improvement by declaring a ninimum intermission between cars. result will be equivalent to designating how nany cars shall be run. Associate City Counselor Woerner is not

certain, as yet, that the city can amend sections of special ordinances which desig-nated running schedules. As a question of ommon law, however, attorneys in the City Counselor's office are disposed to believe that the city has the power to re quire changes that are designed to make the street railway service adequate. They say the first object of a street rail-

way franchise is to afford accommodations to the public. For this purpose, above al others, are franchises granted. One attorney thinks that the distance apart of carcan be included among police regulations. which cannot be abrogated or delegated by the Municipal Assembly. Mr. Woerner has completed the compila-

tion of ordinances relating to street railways. Yesterday he showed it to Mayor Wells. These scattered ordinances, many of which are contradictory, will be merged into one general ordinance. When he returns the revised bill to the Committee on Raliroads of the City Council, Mr. Woerner will trans mit with it a batch of amendments. At present he is investigating the power

of the city in regard to schedules. If he concludes that the city has authority to regulate the time between cars, regardless of provisions of special ordinances, he will report his opinion to the Municipal Assembly, so that a competent section may be incorporated in the new law. The St. Louis and Suburban Railway

Company yesterday filed with City Register Fitzgibbon a statement of its passe traffic in the first quarter of this year, Like the Transit Company's report, it shows an increase in the number of passengers carried and a decrease in the number of trips. In the first quarter of this year 3.622.551 passengers were carried in 62,532 trips. In the same months last year 3,488,428 passen-
